INSTRUCTIONS

Net. Contents: 6 Oz.

Manufactured by:
RADIX LABORATORIES
Eau Claire, WI 54701

DIRECTIONS:

For use on calves up to 8 weeks of age, preferably 1 to 7 days old. Clip hair from horn buttons and roughen skin from tip to base of button (do not draw blood). Protect surrounding tissue with petrolatum. Apply a thin film of paste to each horn button. Protect hands with rubber gloves. Confine calves for 30 minutes to prevent removal or spreading of paste.

CONTRAINDICATIONS:

Do not use on goats.

FOR VETERINARY USE ONLY
